State Representative DebraLee Hovey Endorses Chris Meek

Citizens of Connecticut,

I want to take this moment to encourage you to become involved in the future of our State and our Country. This next election cycle will have the potential of changing the course of our State and our Country which in my mind has taken a devastating turn for the worse.

Unemployment, rising costs and the continued over spending of Government while always coming back to the working people with a hand open wanting more tax dollars just cannot be tolerated any longer.

Here in Connecticut we need to elect more Republicans to help balance the power of our State and effect thoughtful legislation and authority. We also need to have Republicans elected to our Congressional delegation assuring that we have balance at that level of our representation.

I am endorsing Chris Meek as my favorite/choice for the Congressional race in the 4th District. Chris's life story has put him on a path where he recognizes the importance of public service, not politics. While moving through life he has devoted himself to family and service to the people he encounters, he sees their struggles and needs and responds with action. This is the type of person we need in Washington. Chris exudes empathy, sincerity, compassion and thoughtful intellect. Please join me in supporting him as our next Congressman for the 4th District.
